Related subject: The proposed boundary between Acomb West, Holgate and Acomb East, and Leeman road

It would make more sense if the Acomb West boundary is moved so that it goes from Carr Lane, down Boroughbridge Rd to and along Water End to where the Leeman road ward starts. That way, the Allotments, the Fire Station, the GP practice at Lavender Grove and the row of shops including the chemist, would all be in Acomb West. Holgate and Acomb East would then stop at Water End and include the houses on the south side of Boroughbridge Rd up to Carr Lane.
