Related subject: Rural West York

My Son lives on the new estate Langley Gate, this should remain under Rural West York - for school catchment area, also I don't want him to be classed as acomb because its full of non working delinquents, Labour are just trying to get their hands on Langley Gate for more power and not the specified reasons of defacement which would be a contradiction as the Lib Dems would actually represent 9% fewer electors than average!!

Upper Poppleton and Nether Poppleton should be merged into one Parish as Poppleton under Rural West York
