Comment text:

Related subject: Upper Poppleton

My wife and I object to the proposal of altering the existing York ward boundaries which will result in part of Upper Poppleton being incorporated in Acomb West ward. The properties which have access onto Cinder Lane have historically been part of the village of Upper Poppleton (not York) and today we all still associate, support and continue to participate with Upper Poppleton. We have no dealing with Acomb. The construction of the ring road 40+ years ago has not changed our habits and loyalties and we still wish to remain within the governance of Upper Poppleton.
