Comment text:

My husband, I, my mother and my daughter moved to Langley Gate in Upper Poppleton due to a number of factors. Being a part of the Poppleton community, my daughter's school in Poppleton and having local community ties is incredibly important to us. To change the wards and make Langley gate a part of Acomb seems a complete waste of resources and shows a lack of consideration for what the local community wants. Langley Gate is part of Poppleton.
