Related subject: Upper Poppleton

I do not agree with the proposal of Langley gate joining Acomb ward. I wish to remain part of rural West as part of Poppleton. We are part of Poppleton and the community there, most of the children on Langley gate attend Poppleton ousebank school and have integrated into life there. We opted to live here to be part of that rural 'village' community. If this was an option it should have been decided before the estate was built - not after everyone has moved here under rural West ward.
