Comment text:

Related subject: Rufforth with Knapton

I strongly object to the proposed boundary changes for the following reasons;

There is no clear need for change

My area has long standing ties to Rufforth and Knapton

Residents identify more strongly with the rural community than the urban one.

The Parish council has always provided valuable support and representation

Residents may prefer to be part of a rural ward rather than a city ward.

Given the stated aims of the review is to balance elector numbers across the Wardshis would still leave Rural West York with about 10% below the average.
