Related subject: York East

I live in the Derwenthorpe area of York East and think you are not aware that Derwenthorpe is a Joseph Rowntree housing development which has a strong community and shared issues which may need investigation or support from local councillors.

Derwenthorpe should not be divided into different wards, it should all be together in the same ward. I don't have strong views which ward we should be in, as long as we are all together.

Reading through your information, it appears you have made decision based on road access. Derwenthorpe has been designed to not have any through roads - it has 4 access points for the different sections, in order to keep traffic to a minimum within the estate and prevent any 'rat runs'. But we are one community.
