Why is the council taking our area into Acomb , Upper Poppleton should remain as part of Poppleton and why put into Acomb is beyond a joke .My son is looking forward to his new primary school and by taking us out of poppleton into acomb would prevent this .
Has the council thought about how it will affect us and house prices plus insurances I think not .
Asking around and everyone thinks the same leave our are where it belongs and that is in and part of Poppleton
