Comment text:

Oppose change of boundary affecting my property which will see a move from Upper Poppleton to West Acomb. Rationale:

No clear need for change
Area has a longstanding connection to Poppleton
I identify more strongly with the current surrounding local area
I bought my house on the basis it was in Poppleton, not Acomb
I prefer to remain part of a rural parish ward
The change would leave Rural West York around 10% lower than average in relation to electoral numbers
I am concerned the change will have negative impacts to house value and insurances such as car insurance
