Comment text:

We bought the house in 2024 as it was part of the Upper Poppleton community which we paid a premium for and are embracing local events that make us feel connected to the rural area - i'm sure this would be a common feeling amongst fellow Langley Gate residents. I strongly oppose this change and want to remain a resident of Upper Poppleton and not Acomb which is a very different place and one i don't live in. Please leave us as we are.
