Comment text:

I am objecting to the change of address for our home. They're proposing we change from Upper Poppleton to Acomb. I am objecting as I bought a house in Upper Poppleton, not Acomb. In addition to this the area has a longstanding historical tie to Poppleton. I think it's disgusting that the York City Council think it's ok to make such a drastic change that will effect our lives from both a personal and financial perspective.
