The boundary changes affect my property - proposal would be to move from Upper Poppleton to West Acomb. I strongly object to this. The house that I purchased in 2024 carried a premium due to it being located in Upper Poppleton rather than Acomb. This premium would be eliminated under the proposal. My house is located in Langley Gate which has longstanding historic ties to Poppleton. There is also no clear reason for this change that would benefit residents of Langley Gate. I would prefer to remain in a rural parish rather than a city ward.
