Related subject: Rural West York, Acomb West

Moving Langley Gate into Acomb West makes no sense at all - we become a weird 'sticky out' bit of the council area and everyone here bought their house on the premise that this area was in Upper Poppleton, not Acomb.

This will increase our insurance bills, lower house prices and diminish our lovely new neighbourhood. IN addition, it causes unbalance as Rural York West ends up with -9% population, so there doesn't seem a need for this at all.

We don't want to be a part of Acomb West!!!
