Comment text:

There is no clear justification for the proposed change. The area has longstanding historical ties to Poppleton, and I identify more strongly with the surrounding rural community. I chose to live here specifically as part of Poppleton rather than Acomb, for a preference for a rural parish setting over inclusion within a city ward.

Furthermore, while the stated aim of the review is to balance elector numbers across wards (at approximately 3,200 electors per councillor), the proposed change would leave Rural West York around 10% below this target. As such, the proposal does not appear to meet its own objectives and risks undermining both community identity and electoral balance.
