Related subject: Upper Poppleton

We have recently purchased a new build on the Langley gate site- Miller homes and purposely looked at several areas including upper Poppleton. We chose areas after research regarding crime etc and several visits decided on Upper Poppleton. We did not choose Acomb. If we had have we would have not paid the premium we did for Upper Poppleton. As a new build site this should have been a decision made on address and council before properties were marketed.
