Related subject: Upper Poppleton

1. Communication with affected residents from the City Council has been non-existent. Publishing it on the website is not communication with affected residents. We have only found out on Fri 5 June, as a result of a resident from Rufforth leafletting the Langley Gate Estate.
2. We purchased this house to be a resident of Poppleton not Acomb; we are active users of Poppleton village and travel daily from Poppleton railway station. Whilst the York City Council think that is all irrelevant; it's not:
 1. We know insurance companies look at crime rates by area; a postal address identified as Acomb will attract higher premiums, house, car.
 2. Our house value will be affected. The average 4 bedroomed house in Acomb costs £439,000; in Poppleton it's £539,000 for Upper Poppleton.
 3. The stated aim of the review is to balance elector numbers across wards; approximately 3,200 per Councillor and yet moving our area in to Acomb, will leave Rural West York around 10% below that average.
