Comment text:

Myself and my family bought a house in upper Poppleton 4 years ago. We object to the proposed change of boundaries from Poppleton to Acomb. We are unable to get to Acomb due to the bus lane bollards, thus utilising the village of Poppleton. There is no clear need for change, as I have grown up in York and in the nearby areas to upper Poppleton, going to Manor School as a teenager, prior to the move to the new Manor School. When buying this house, myself and my husband love Poppleton as a village, and bought the house as it is in the Poppleton boundary. We bought the house as we planned to raise our growing family here, with the hope of going to Poppleton Ousebank School, which my son has a place at, due to start in September 2026.
