Comment text:

The railway line is a really clear boundary line in Clifton, Leeman Road and Drink houses. I am supportive of it being used to create identifiable ward boundaries.

I support the new Acomb wards, with Front Street, Carr Lane and Gale Lane being identifiable/clear boundaries.

Fulford and Fishergate are the same place, and the new ward reflects that really well.

The new Tanghall and Derwenthorpe ward reflects the boundaries of Tanghall really well, but should have all of the Derwenthorpe estate
