Related subject: Rawcliffe, Clifton, Leeman Road, Acomb and Dringhouses

Over all I support all of the changes proposed by the boundary review. I believe that Ousebank being moved into Clifton is correct. I think that the rail lines in York have always been a significant marker in the different communities and therefore boundary line in Clifton, Leeman Road and Dringhouses is correct. I believe that the new proposals for the Acomb area are also correct as they represent clear boundaries there.
