Comment text:

Related subject: Fulford and Fishergate, Heslington and the University, and Derwentthorpe

I live in the Fulford and Fisgergate community. I fully support the boundary changes. We are one community sharing the same amenities - schools, playgrounds, shops and pubs.

I fully support the Heslington and Universities boundaries. I am glad the Badger Hill community is included. Many children of university staff and students attend Badger Hill and Heslington schools and are part of the community.

As a further comment I was disappointed to see Derwentthorpe "village" had been split 3 ways. I feel this estate is a thriving community and needs to be represented in one ward.
