Related subject: Derwenthorpe

Derwenthorpe is its own separate development, but plans are going to put it in 3 different wards. No funding or time will ever be given to the parts of Derwenthorpe and wards will take forever to combine any funding to help.

You propose to make a ward Tang Hall and Derwenthorpe, but have not included 2/3 of Derwenthorpe in the ward.

This will never allow a community to come together or funding to be given.

Derwenthorpe is our own community and needs to be treated as such. Tang Hall, Heworth without and Osbaldwick wards have always excluded Derwenthorpe and this will not change with firm boundaries splitting Derwenthorpe into pieces.

Derwenthorpe needs to be kept altogether within the same ward.
