Related subject: Poppleton/Acomb ward

The moving of the area including Villa Court and Langley gate from Poppleton Ward to Acomb ward is inconsistent with both the history of the area, the shape of the wards, the size of the wards, and the accessibility of areas from those points. Those in villa court and the Millfield Lane side of Langley gate cannot access Acomb without going to the ring road and back again, therefore making it not feel like part of Acomb. Separating it from Poppleton isolates the area and makes it not part of any area. Please reconsider this change and keep the Villa Court and Langley Gate area as part of Poppleton Ward.
