Related subject: Boundaries

I understand that Woodlands Grove in York is under review to move from Heworth Without to Heworth Ward. I have lived in Heworth Without all of my life and feel a strong connection to the community. I do not understand the need to change and I feel I will lose a sense of belonging if this change happens. I would urge you to retain the boundaries as it is to allow residents to feel connected and be part of a community they have lived in their whole life and can be proud of. Thank you
