Related subject: Heworth, Tang Hall and Derwenthorpe

I wish to say that I think the new proposed boundaries for this area do make good sense. I have lived and worked in this area for over 34 years now I know that people who live in Tang Hall do identify as living in Tang Hall - recognisable with its original 1920 and 1930's council housing stock. Similarly I know that residents of Derwenthorpe in their new housing definitely identify as living in Derwenthorpe. My friends there certainly would benefit from being represented by politicians focussing on their specific needs. Finally I believe residents of Heworth, where I live, will see the sense in using the Tang Hall beck as a sensible boundary between Heworth and Tang Hall. Extending the Northern border in to parts of the existing Heworth Without ward feels more coherent with the other parts of Heworth.
