Related subject: Heworth Without

Please leave the boundaries as they are. Heworth Without is a strong community and has loyal residents to the community spirit and needs of this area. The local church and playgroup will be separated from the school. Residents facilities and community benefits will be lost because of a new boundary. The the facilities we have in Heworth Without are excellent, any issues are dealt with very well and often with personal care from Nigel Ayre. It is a very specific type of residency. We all know Nigel Ayre and I feel he has my interests at heart, my area interests and concerns at heart and always will. It is not in the interests of myself and my neighbours top be linked with an area with very different requirements socially and practically.
