Related subject: Heworth Without/Heworth

My wife and I have lived in Woodlands Grove for 22 years, during this time we have always felt to be part of the distinct community of Heworth Without and been very well represented at Council by Nigel Ayre. We feel it would be a gross misjudgement to lump our street and those on this distinct surrounding development into the disparate Heworth ward for no apparent good reason.
As the saying goes 'If it ain't broke don't fix it' !
