Related subject: Fulford and Fishergate

I have lived at my current address in Fulford for nearly 40 years.

My children attended Fishergate nursery and I feel connected to Fishergate as my local shops are there and it forms my route into town, by bus , car, bike or on foot.

I have little connection to Heslington and there is only a term time university bus connecting Fulford and Heslington.

I agree with your proposal to make Fulford and Fishergate one ward.
