Related subject: Dringhouses

I live on The Pastures, just west of the railway line in Dringhouses. Under the proposals my road would fall in Woodthope ward rather than Dringhouses as it is currently.

I am much more a part of Dringhouses community than Woodthorpe and am closer to churches, libraries, primary schools of this community.

I'd like to see Dringhouses ward amended to include roads immediately to the west of the railway line such as mine.
