Comment text:

I was shocked to hear your proposals for changing the Ward boundaries. The expression that comes to mind is: "if it aint broke, don't fix it". Why do you feel the need to change things when it seems as if is for changes' sake? Is it because you feel you need to make your mark as a Labour majority Council? Do you feel threatened by the previous majority? LEAVE THINGS ALONE please and not messing around and wasting money you can ill-afford wasting. Yet another "bright" idea along with the proposed speed humps on Alness Drive etc etc. I am a member of the Dringhouses & Woodthorpe Planning Panel and have been for a number of years. We are a happy team who work well together to review planning in our area. This will put paid to this too.
