Related subject: Heworth without

For as long as I can remember Lawnway has been part of Heworth Without ward. We have been well represented and feel that we belong to the Heworth without community, Christ church is our local church and we look towards Heworth without for our local facilities, school, transport links and community activities. It would be crazy to think that we have to cross to another ward to get the bus at the top of our road (Greenfield Park Drive), how can our transport links possibly be well represented by a ward that doesn't even include our nearest bus stop? I do not believe that our interests would be well served by arbitrarily moving the ward boundary so that we are isolated from the Heworth without community that we have lived within for the last 29 years.
