

North Hertfordshire District Council

Personal Details:

Name: Keith Hoskins
E-mail: keith@hitchin-herts.co.uk
Postcode: XXXXXXXXXX
Organisation Name: North Herts District Council

Comment text:

As far as possible, wards should be contiguous with County Council divisions and have some reference to schools immediate catchments which define community cohesion. In Hitchin, there could be some alignment between Highbury Ward and Priory Ward (as a County division); Walsworth could have the small area of that ward that is currently in the Hitchin South County division; Bearton and Oughton could be more closely aligned as they are focussed on Priory School. Hitchin Priory ward should be slightly extended so that it includes all of Oughtonhead Lane - at the moment the ward boundary goes down the middle of the road; a more sensible dividing line between Priory Ward and Oughton Ward would be Maxwell's Path. There is a natural affinity between Highbury and Priory wards - the town centre has been included in both these wards at various times in the past.
