Dear Sir or Madam,

I am interested in the proposed changes to the Portchester electoral wards. I am a resident of Portchester East and worked for 23 years as a teacher at Portchester Community School. I have known many families throughout Portchester East and West and am fully aware of the local issues which give them concern.

The proposal to make an East/West division seems to me to be contrary to my knowledge of the people in the area, their homes and communities. I believe that we would be best divided into North and South areas, possibly divided by the railway line or the A27. My concern is that any other division of this area is illogical if the people are to be represented fairly in the future, especially since this is likely to be a decision which will possibly remain in place for many decades.

I am sure that your Commission is scrutinising this issue responsibly but I would urge you to consider this division very carefully. Thank you.

Yours faithfully,
