

Fareham Borough Council

Personal Details:

	
	
	

Organisation Name:

Comment text:

Generally, changing ward boundaries without changing the ward names makes analysis of Census Data prone to errors, and more complicated. However, if you have to do it to even-out electorate numbers, then (and I have only considered Locks Heath, as that is where I live) the changes for Locks Heath seem very sensible, and largely reflect the local sense of identity. It is good that Locks Heath School will finally be in Locks Heath and not Warsash !
