Subject: Portchester Ward

Categories: Submissions, [REDACTED]

Good morning

My view is that Portchester should not be split but stay/become one ward - so combining Portchester Wicor and Portsdown and castle.

Portchester gets very much overlooked as a place and community especially as it came under the "Fareham" banner and splitting it between two wards won't help.

Making Portchester one ward would help unify the area and the community.

The Facebook page voice for Portchester is testament to this, as it communicates all what goes on in the local area. Combining the two wards would save money as well as you have one area to manage and consider etc

Regards
