Dear Sirs,

I have received information about the Boundary Change Consultation.

I would like to comment about the Rush Green Roundabout at the junction of the A10, A414 and B1502 between Ware and Hertford.

My view is that the ENTIRE Rush Green roundabout should fall into a single Ward.

There are ongoing problems with traffic chaos caused by people queuing for McDonald's "restaurant" and the BP Petrol Station which would be better handled if the roundabout was not shared between four wards - Ware Priory, Great Amwell & Stansteads, Hertford Kingsmead and Hertford Heath & Brickendon.

I hope that my comments make sense

Yours faithfully,
