### Comment text:

Merge St Peter's, St Marks and Lansdown. Merge Spring Bank and Hester's Way Merge Pitville , St Paul's and Oakley This seems geographically sensible. However it should really aim to have similar numbers of voters in each new ward to make the local election more proportional. The population statistics for each ward have not been given, so asking people's opinions may be a little fruitless and be just paying lip service to0 the idea of consultation.
