### Comment text:

I believe the part of Hesters Way that is on the St Marks side of Princess Elizabeth's Way should join St Marks as St Mark's is a smaller ward and residents feel they are far more a part of St Marks than Hesters Way. Their polling station is even in St Marks ward, and they are separated from the rest of Hesters Way by a busy main road. The part of Springbank that is currently green fields but earmarked for new development in the Golden Valley plans, should be split between Hesters Way and Springbank. This is the green fields are where Hesters Way and Springbank share a border, just to the north of Fiddlers Green Lane, up to Springbank Road. This will allow the benefits of the new development to be equitably shared by both wards, especially as Hesters Way residents will be massively affected by new site and it will have a huge impact on the local community. This development is a major change to the area, and by making this small change we will properly integrate Hesters Way into the planning for both the positive and negative local impacts of the development. "
