### Comment text:

I tend to agree with the consensus of opinion in that these boundary changes are to tinker with the results of any elections. Our local MP for Cheltenham has voiced the opinion that if a part of Cheltenham is to be moved over to Tewkesbury borough, it is St Pauls. This area is part of central Cheltenham. It is simply preposterous to offload this ward onto a neighbouring town whilst retaining an area further out from the town centre. Simply a case of "voter cleansing".
