### Comment text:

I feel that the Emmbrook ward should cover more of the actual area of Emmbrook. The Reading Road cuts through it and I live outside of Emmbrook but it is still my ward. I do not feel connected to this area. When I had a reason to contact my councillors about an issue in my area they referred it to councillors in the Evendons ward. What is even Evendons it means nothing to people in this area. So maybe you could also look at the naming of the wards to make them more meaningful. This would help people feel more engaged with the ward.
