

Harlow District Council**Personal Details:****Name:****E-mail:****Postcode:****Organisation Name:****Comment text:**

I am NOT in favour of this proposal, the standard of services has decreased in recent years when there has been a direct point of contact. The diversification of Church Langley will lead to a split in the decisions that can be made. I see no real justification for this proposal, Church Langley is clearly defined with one access point and a clear boundary.
