Comment text:

Knebworth is expected to grow by 40% to 2031 with an additional 738 dwellings, which could result in over 1,000 additional electorate. The 2021 electorate figures for Knebworth of 3492, could therefore rise to over 4,492 by 2028. which is within the range for 2 district councillors. Retaining Codicote East (660 electorate) within the Knebworth ward would result in the number of electorate exceeding the approved range. Therefore Knebworth Parish Council considers that the Knebworth ward should exclude Codicote East.
