### Comment text:

On behalf of Wokingham Without Parish Council: Wokingham Without Parish Council expresses concerns that, as a designated Strategic Development Location (SDL), the future make-up of this parish will change, with c1600 homes planned for the north of the parish. These changes however, will not be considered within this review, as projections show the majority of these homes are expected to be built and occupied after 2028 (based on Wokingham Borough Council projections). This review is the first of its kind in 20+ years, so it is therefore likely to be some time before significant growth within this parish is factored into a future ward boundary review. Wokingham Without Parish Council will review and comment on any proposed changes to the Wokingham Without ward when these are published next year.
