Comment text:

As a resident of Arboretum Ward for nearly 12 years & having lived in the City for over 31 years. I understand it is proposed that Cathedral Ward will become 2 , 2 member Wards & Arboretum Ward remains unchanged. I think this is a missed opportunity to address the historical anomaly that divides the Victorian terraced stock built on the old Worcester Pleasure Park site in half. If the boundary between Arboretum & Cathedral Wards were moved South to include the entire "Arboretum estate". Whilst centred in an enlarged 3 member Ward to include Lion Court & Sansome Place, possibly Lowesmoor as well. Due to the fact many who live in the Arboretum, work, shop or socialise in Lowesmoor - the new 3 member Ward would better reflect the diverse Communities that live & work in the area.
