I attach the submission of Shareshill Parish Council relating to the South Staffordshire District Council Boundary Review.

Sian McGlue  
Shareshill Parish Council

**RESPONSE TO BOUNDARY COMMISSION REVIEW OF WARDING FOR SOUTH STAFFORDSHIRE COUNCIL**

**BY SHARESHILL PARISH COUNCIL**

By way of introduction Shreshill Parish Council covers Shreshill Village and then extends north and east to its boundary with Saredon. It is in the Featherstone/Shreshill Ward.

Saredon Parish covers the communities of Great and Little Saredon, Wedges Mills and the much smaller settlements spread across a mainly rural area to the north of Cheslyn Hay but also extends south along its western boundary.

Shreshill was mentioned in the Domesday Book and included the "Saredons". Which are Great Saredon and Little Saredon as referred to above. Saredon Parish was always part of the Shreshill Ward until the last Boundary Review in 2003 when it was moved into Cheslyn Hay. Shreshill Parish Council has always regarded this as a mistake as there has always been a strong connection between Saredon and Shreshill.

By way of evidence, Shreshill Parish Church, St Mary and St Luke's includes Saredon within its PCC Parish Boundary and the local Church Primary School "Havergal" receives pupils from Saredon Parish. The only shop in the locality is the Shreshill Community Shop and Post Office and many of its stakeholders and customers live in the neighbouring Parish of Saredon. As things stand at the moment many resident enquiries are initially referred to Shreshill Councillors, some via the Community Shop and are then referred to the present Ward Councillors in Cheslyn Hay.

In conclusion Saredon is a rural area which is naturally connected to the rural area of Shreshill and in line with the supportive representation from the District Council we feel that Saredon Parish should be amalgamated into the Featherstone and Shreshill ward.
