1. Derbyshire Dales: Post Review Correspondence – LGBCE(22-23) 019

The Final Recommendations for Derbyshire Dales were agreed by the Commission Board at its meeting on 14 December 2021. Following publication of final recommendations, the Commission received further correspondence from residents of Oker and Snitterton expressing great unhappiness with the outcome of the review in this area. A Freedom of Information request had also been received with regard to the recommendations for this area.

The Board discussed the issues raised in the correspondence from residents of Oker and Snitterton along with the evidence that had been received during the various consultation phases related to this area.

Having considered the matter in detail, it was content that it had followed the review process as set out in law and its guidance, and had acted appropriately in agreeing final recommendations. It was satisfied that, whilst a difficult and finely balanced decision, the decision had been based on a full understanding of the various submissions.

The Board agreed to write to the individual who had submitted the Freedom of Information request in order to amplify the Recommendation relating to this area of Derbyshire Dales.

Agreed

- To write to the individual who submitted the FOI as set out above.
