**Organisation Name:** MHDC and Worcestershire County Council

### Comment text:

Good morning, I am please to see that the further draft proposals are a huge improvement on the original proposal. As the County Councillor for the Division of Croome, the new Ward(s) of Upton and Ripple combines mirror the whole of my Southern county council area, which makes perfect sense. By having two district councillors, the residents will be far better represented than by just have one district councillor in each area. Much of the Earls Croome, Hill Croome and Ripple Parishes look towards Upton. With Upton's parish now being unchanged, residents to the West of Upton that fall within Upton's parish will be far better represented by Upton Town Council and MHDC. The removal of The Hanleys in to the Powick Ward seems a sensible move. I fully support the further draft proposals and I hope that there are no more changes. Regards Cllr Martin Allen MHDC and Worcestershire County Council.
