

## Malvern Hills District Council

### Personal Details:

**Name:** John Raine

**E-mail:**

**Postcode:**

**Organisation Name:** Malvern Hills District Council

### Comment text:

I am writing in light of the Boundary Commission's further proposals for new warding arrangements for the West and North West of Malvern within the District Council area. I am pleased that the Commission has taken note of the consultation responses made in relation to the initial proposals and that it is now proposing a single ward with three elected members for the area of Dyson Perrins and West Malvern. This seems entirely sensible - not least because of co-terminosity this creates with the existing County Council Division, and particularly given the considerable expansion of housing and service development in the Malvern Vale area (in recent years, and with more to come in due course) - in an area which lies between the longer established neighbourhoods of West Malvern and Dyson Perrins/Upper Howsell areas.
