

Tonbridge & Malling Borough Council

Personal Details:

Name: Sue Bell

E-mail: [REDACTED]

Postcode: [REDACTED]

Organisation Name: Tonbridge and Malling Borough Council and Snodland Town Council

Comment text:

SNODLAND WEST AND HOLBOROUGH LAKES 2 COUNCILLORS AND SNODLAND EAST AND HAM HILL 2 COUNCILLORS Snodland has its own Town Council and has increased in size in recent years with the added homes built at Holborough Lakes. It is North of the Borough of Tonbridge and Malling Borough Council. The Community retains a suburban feel despite the growth. I would like to fully support the Conservative Group proposals for warding arrangements in Snodland and also the Borough as a whole. I am a Borough Councillor and Town Councillor for Snodland so the warding is very close to my heart. After reducing the council from 54 to 43 members I think it is appropriate for Snodland to have 4 Borough Councillors in 2 x 2 member wards rather than at three member ward or a single member ward. These will work more effectively for the community or if a Councillor was unable to preform their duties. I believe by retaining the East/West split in the wards and adjusting the boundary sites is the way forward. The current Malling Road is split East/West but if we take this into East so the complete road will then be the boundary line. Then the roads branching off could then easily come into East as well to balance up the ward numbers. Therefore I support moving the following Roads from Snodland West to Snodland East in order to retain electoral parity: Electors Cumulative Malling Road 213 Bramley Road 109 Chapel Road 28 Bullfields 13 Recreation Ave 30 St Katherine's Lane 59 Wyvern Close 20 Orchard way 63 Meadow Walk 21 Portland Place 49 and High Street 22 (High Street is currently part West/East so makes sense to be in one ward) Total 627 Electors. I hope you will take on board the comments I have made which I feel are in the best interest of our residents.
