Organisation Name:

Comment text:

As the current borough councillor for Arleston Ward, I wish to add my support for the Boundary Commission's proposal for a 2 member Arleston and College Ward. There are close links between both wards and both myself and the borough councillor for College Ward, Cllr Lee Carter work closely together on issues that impact collectively on both wards. I have a large pakistani community who attend local mosques in College Ward and many residents who live in College Ward access Arleston Community Centre for many events/activities. The local Arleston & College police team work closely across both wards. Many children in both Arleston and College attend Shortwood Primary School. Youth activities at the local football club AFC Telford focus on including collective activities for Arleston and College young people. There is also an active Arleston and College Neighbourhood Watch sharing information to residents on issues that affect both wards.
