### Comment text:

St Faiths/Bedhampton Wards. There is a split community in the area to the north of West Street, including Cross Way, Boundary Way, Staunton Road etc. This is logically part of Brockhampton, ie the area boundaried by the East-West railway line, Bedhampton Level Crossing, Solent Road and Park Road South. It would be great if you could keep this community together in one ward.  
Barncroft/Warren Park/Battins. Although these are not self-contained communities, I would advise against making these larger wards. Due to the deprivation, the level of case work is likely to be higher here and it is more manageable for individual councillors in smaller (eg two councillor) wards
